Easy D.I.Y. Installation:

- *Size & prepare your carpet with a clean cut edge.
- *Peel & stick Instabind to underside of carpet perimeter - adjust as necessary.
- *Apply hot glue bead between carpet edge & Instabind tape (we recommend using a long nozzle tip - stock #ibnozzle).
- *When turning corners or circles, simply make a relief cut in the bottom tape flange and bend tape as necessary.
- *Enjoy beautiful results!
