BACKED BY THE INNOVATIVE TECHNOLOGY OF **RUGLOCK®**

Directions for floor and rug backing:

1. Floor and rug backing must be clean and dry.
2. Position the rug where you'd like to place it.
3. Peel the liner off the tab and place on the corner of the rug. (See diagram.) Do not extend tab beyond rug edge.
4. Press the rug firmly to floor or carpet.

If rug is larger than 3'x5' or if placed over carpet, follow this diagram and place second set where indicated in red.

**This side on
back of rug ONLY.**
Becomes permanent.
Reverse side will not damage
any flooring or leave residue.
