Our experienced staff will assist you in selecting the right products for your job: Cutting, binding, serging & carving/beveling machines, cotton & synthetic carpet binding, serging tapes & yarns in a wide variety of styles and colors. Sundry products & tools are necessary for completion of your tasks.

“Because every hard floor needs a beautiful area rug!”

START HERE...

Method No. 1 - Instabind

This is the fastest, least expensive way to get started. This method requires the lowest initial investment in tools, yet it offers several different styles: Binding, serging, or the nautical rope look. **Installation of Instabind tapes can be done right on the job site saving a trip to the binder!**

Method No. 2 - Portabind / Portaserge

This method requires a moderate investment in equipment (a portable binding or serging machine) but a lower ongoing cost of material. It offers a wider range of colors for accurate matching, and 3 basic looks (binding, serging and wide binding). It is a money-making investment.

Method No. 3 - Stationary or Factory Binding This method is used for high-volume production type work. It requires a more substantial capital investment for heavy duty machines, rollers or air tables that are not normally taken to the job site, but remain at the binding shop. It is a money-making investment.

The following pages will explain, in greater detail, precisely what tools, equipment and supplies are needed for each binding method. There will be many options or check points to consider, depending upon the size and scope of your carpet binding needs and your method of doing business. You, the customer, are in the best position to decide what method fits your operation and your budget.

MEET THE BOND TEAM!

As we celebrate 74 years of family owned and operated business, we want to thank you for considering Bond Products. Our goal is to provide professional quality products and services while maintaining a down to earth, customer friendly environment that will keep you coming back year after year. We appreciate our customers and look forward to earning your business!

BOND MODEL

PBB BOBBINLESS

PORTABLE BINDERS...

are available in single 2x2 or double puller 4x4 models. We can adapt them to run up to three inch width binding, blind tapestry stitch up to four inches, or sew on heavy rubber transition molding on floor mats. They are very low maintenance and extremely dependable. Using a serge tape folder you can add a beautiful serging look to your carpets with our PBB's, along with standard binding. Never run out of bobbin thread again with the large bottom thread spools this machine uses. Our double puller is a true 4x4 pulling front and back, top and bottom for the ultimate in pulling power!

BOND PORTABLE BOBBINLESS BINDERS

PBB 2x2 & PBB 4x4

Parts & Supplies

Model PBB-1X 2x2 Portable Single Puller Sku #: 21103X

Bobbinless Portable "No Bobbin Required". High Speed/Variable Speed "Fingertip Control". Extra Heavy Duty Construction. Runs various tape widths. Lightweight and portable 110 volt, 60 watt, 8000 RPM heavy duty motor. Binds up to 30 feet per minute. NOTE: Our PBB models can also be set up to sew transition molding on entrance mats.

Model PBB-2x 4 x4 Double Puller Sku #: 21105X

Fastest, most powerful, heaviest duty portable available! Never change another bobbin, bind carpet base using the optional cove guide, or just blast through plushes and heavy berbers with ease. Lightweight and portable 110 volt, 60 watt, 8000 RPM heavy duty motor. Binds up to 30 feet per minute. NOTE: Machines are available with a 220 V motor for any overseas requirements, just ask.

POLYESTER BINDING TAPES

Bond Style 425 Texturized Polyester 13/16" & 1-1/4" Widths

Sku's #: 07008 & 07012

Texturized polyester for a high quality "cotton" look and feel. Available in 110 colors from stock, put on 72 yard rolls, two rolls per package. Bond 425 is made with texturized polyester yarn, many of our clients confuse it with cotton binding due to the high quality, low luster & thickness of this product. Priced & sold per gross yards (144 yds) and packaged 2 x 72 yd rolls per package. Use with a "clean top" 1-1/4 folder attachment for woven edge cotton look at poly prices! (Sku #: PBL-777CT).
110 COLORS AVAILABLE

Sku #: 07CLEAR

7/8" CLEAR BINDING TAPE
200 YD ROLL

BOND TURF SEAMING TAPES, SLEDS & IRONS

The Bond Advantage

With Bond's turf tape, you don't have to fumble around with messy pails of glue, trowels, and fabric. Simply roll Bond Turf Tape out, line it up, heat with a high temperature iron, and lay the seam. Three easy steps!

TURF TAPE

SEAM SLED & IRON

SEAM ROLLER

Exceptional Versatility No more messy two part epoxy and extended cure times. Glue is self contained on the tape, just heat activate the adhesive with our high temp turf irons. It works even in adverse outdoor conditions, providing a strong and long-lasting bond on all urethane-backed artificial turfs. No harmful fumes and cures within minutes!

Outdoor Marine & Safety Edge Style Colors

Safety Edge Colors

Applications Include...

- Boats
- Travel Trailers
- Deck & Patio Rugs
- Auto Mats
- Safety Hazard Applications

Easy DIY Installation:

- Size & prepare your carpet with a clean cut edge.
- Peel & stick Instabind to underside of carpet perimeter— adjust as necessary.
- Apply hot glue bead between carpet edge & Instabind tape (we recommend using a long nozzle tip— STK#ibnozzle).
- When turning corners or circles, simply make a relief cut in the bottom tape flange and bend tape as necessary.
- Finish by sealing the backside flange with hot glue to permanently secure the tape.
- Enjoy beautiful results!

- UV & Mildew Proof
- Available in 4 Stock Colors
- Safety Edge in Neons & Reflective
- 50 Feet per Roll
- No Binding Equipment Needed to Install
- Does Inside Corners & Circles
- Installs Using Only a Hot Glue Gun & Scissors
- Made in USA

U.S. Patent No. 7329324 B2

Watch
the
video!

Instabind™ Faux leather style carpet binding mimics standard or traditional binding but without showing any stitching. It is new to Bond Products line as of 2018. Available in 14 stock colors, it's more durable than traditional carpet binding and actually helps reinforce the carpet backing along the cut edges. Best of all the only tools needed to apply are carpet scissors and a hot glue gun. We recommend that you use latex-based hot melt glue sticks for a long-lasting strong hold, be sure to glue where the stitching is on the Instabind. You can purchase Instabind in standard 48 foot (priced by the roll) or custom size lengths with an up-charge.

The faux leather is great for high-end rugs at an amazing price!

DIY INSTABIND ON-SITE BINDING TAPES STYLES

Now you can finish carpets right on the jobsite to save time & money by not having to return to complete your installation. Customers will be pleased to have their work done on the same day, and you get paid in full! Use for stair runners, area rugs, boats, travel trailers, custom car mats & more. Instabind products do inside and outside corners and circles with ease!

All NEW Instabind Faux Leather Style

mimics standard or traditional binding but without showing any stitching. Available in 14 stock colors, it's more durable than traditional carpet binding and actually helps reinforce the carpet backing along the cut edges but all along giving you a high-end beautiful leather finish.

Instabind Regular Binding style

Available in 22 colors from stock and put on 54 or 216 foot rolls, this Do It Yourself binding is hand applied using only a hot glue gun and scissors. No expensive binding equipment is needed! Simply peel and stick the tape to your clean cut carpet edges and seal the seam with a hot glue gun.

Instabind Cotton Binding style

mimics standard cotton binding. Available in 30 stock colors from our sisal color swatch card. More durable than standard binding and actually helps reinforce the carpet backing along the cut edges.

Instabind Cotton Serging Style

is new to Bond ! Now you can repair expensive oriental carpets, serge wool rugs, and other natural fiber carpets without the expense of a serging machine. 50 colors available from our cotton serge yarn chart.

Instabind Rope Binding

Available in 22 colors from stock and put on 50 or 100 foot rolls, this Do It Yourself rope binding is hand applied using only a hot glue gun, scissors & clear tape. This product is unique to the Instabind product line! Simply peel and stick the tape to your clean cut carpet edges and seal the seam with a hot glue gun.

Instabind Synthetic Serge Style

Available in 22 synthetic colors from stock and put on 54 or 216 foot rolls, this Do It Yourself serge binding is hand applied using only a hot glue gun and scissors. No Serging equipment is needed! Simply peel and stick the tape to your clean cut carpet edges and seal the seam with a hot glue gun.

With our patented DIY Binding System

Professional results without expensive binding equipment!

Available Styles:

- Rope Edge
- Serge Edge
- Regular Edge
- Outdoor Marine
- Safety Edge

Applications Include:

- Area Rugs
- Stair & Hallway Runners
- Auto Mats
- RV & Outdoor Carpets
- Boats & Yachts
